## Property characteristics

Moving to another country happens for various reasons. For most Russians, this decision is easy to make thanks to remote work. The lack of attachment to a specific place and the desire to admire the beautiful landscapes in a warm country every day stimulate us to look for the most suitable solution. Russians especially like Turkey, a warm country with stunning nature and unique culture. It is considered not only as a place for recreation, but also for emigration.

In 2022, the issue of permanent residence in Turkey does not lose its relevance. Russians consider this country due to the simplicity of registration of temporary and permanent residence. If you are impressed by nature, the economic situation and culture, then the decision has been made - we are moving to Turkey.

## **Residence permit is an intermediate stage for registration of permanent residence in Turkey**

The first trip to an exotic country can influence the decision to stay here. Foreigners are always welcome in Turkey, and besides, it is easy to assimilate here. This is possible thanks to a significant diaspora. In addition, many bloggers cover the intricacies of life in this country. You can legalize here after two months of stay by obtaining a residence permit. This is an intermediate stage before applying for permanent residence in Turkey for Russians in 2022. There are several types of residence permits:

- short-term - for up to 12 months, subject to proof of funds for living for the selected period;
- university - for teaching foreign students;
- family - for up to 2 years with the obligatory availability of their own housing;

- for pensioners, housing benefits and a number of advantages are provided;
- tourist – accommodation for recreation purposes;
- worker – based on a work invitation;
- long-term – can be issued by those who have been living in Turkey for the last 8 years.

A residence permit allows you to create conditions for further legalization and obtaining Turkish citizenship. You can study in detail the advantages and disadvantages of several cities before moving to Turkey from Russia in 2024.

## **Purchase of real estate and other types of permanent residence**

One of the fastest ways to get the desired permanent residence in Turkey for Russians in 2024 is to buy real estate in this country. The presence of real estate in the property is a legitimate and legal basis for registration of permanent residence. In addition, it is possible to obtain the right to legal permanent residence for Russians in Turkey on the following grounds:

- getting married to a Turk;

- treatment;
- family reunion;
- business;
- work/employment;
- training;
- humanitarian reasons;
- political asylum and so on.

At the same time, we should not forget about the rules that are imposed in connection with the opening of permanent residence in Turkey for Russians in 2024. You cannot be absent from the country for more than 4 months. Otherwise, the status will be canceled. Therefore, it is important to study the legislative framework and conditions of stay and absence in the country.

## **Paperwork and deadlines for the procedure**

Moving to Turkey for permanent residence in 2022 is very relevant for Russians and requires a preliminary study of bureaucratic issues. It is very important to draw up the documents correctly, and compliance with the regulations is also required. The procedure

involves several stages:

- visa processing – the visa-free regime between the Russian Federation and Turkey allows you to stay for tourism purposes for up to 60 days with the possibility of extension through the Department for Foreigners of the Security Service;
- obtaining a residence permit for one of the available reasons provided for by law;
- collection of necessary documents for Russian citizens for permanent residence in Turkey at the time of 2022;
- submission of documents to the appropriate authority in Turkey.

It is possible to move to Turkey for permanent residence in 2022 only if the established requirements are met. The main requirement is the availability of funds for self-support.
